07:30 -03:30	**Registration**	
Session I	**Advanced Research in Prophetic Medicine and Hijama**	**Main Auditorium**
Chairpersons:	**Prof. Abdullah Kaki & Prof. Hamdy Massoud**	
TIME	**Lecture**	**Speakers**
8:45 - 9:00	Cardio-protective effect of fish oil based Thymoquinone Nanoemulsions	Dr. Sohail Akhter Loire Valley Inst., France
9:00 - 9:15	Anticancer effects of Ajwa date (*Phoenix dactylifera L.*) extract on human breast adenocarcinoma MCF-7 cell line	Fazal Khan CEGMR, KAU, KSA
9:15 - 9:30	Novel Intracellular amyloid pathological marker in Alzheimer's disease	Dr. Suhail Rasool Univ. of Texas, USA
9:30 - 9:45	Comparison between cupped / venous blood samples by Micro-RNA	Dr. Kaleem Rajput BCS, London, UK
9:45 - 10:00	Effects of Wet Cupping on the Quality of Life of Adult Patients with Chronic Diseases in King Abdulaziz University: A quasi-experimental study	*Prof. Nahla Ibrahim KAU, KSA
10:00 - 10:15	Medical Cupping Therapy-Achieving our goal and ensuring our legacy	Dr. Amir Sheikh BCS, London, UK
10:15 - 10:30	Wet Cupping (Hacamat) Therapy Restores Sympathovagal Imbalances in Cardiac Rhythm	Prof. Senol Dane Turgut Ozal Univ., Turkey
10:30 - 10: 45	**Coffee Break**	
Session 2	**Evidence based research on wet cupping (Hijama)**	
Prof. Tarek Jamal ,Dr. Sameera Al Basri & Dr. Adel JohairiChairpersons:		
TIME	**Lecture**	**Speakers**
10:45 - 11: 00	Wet cupping for pain management	*Prof. Abdullah Kaki KAU, KSA
11:00 - 11: 15	Pathophysiology of Hijama	*Prof. Sawsan Rohaiem KAU, KSA
11:15 - 11:30	Wet Cupping and Female Infertility	*Prof. Hassan Abduljabbar KAU, KSA

Session 3	**Plenary Lecture I:**	
Chairpersons:	**Prof. Adnan Mazrooa & Prof. Mohamad H. Qari**	
11:30 - 12:00	Uncovering Scientific Facts in Prophetic Medicine	*Prof.Shaker Mousa Albany Univ., USA
12:00 - 12:45	**Opening Ceremony**	Prof. Tarek Jamal
1:00-2:00	**Prayer and lunch break**	
Session 4	**Evidence based research on wet cupping (Hijama)**	
& Dr. Abdul Jawad El SawiChairpersons:	**Dr. Mohsen Mohamad**	
TIME	**Lecture**	**Speakers**
2:00 - 2:15	Hijamah (a Tibb-e-Nabawi) is highly effective in Psoriasis therapy: Proof of concept by clinical study	*Dr. Imran Ahmad Malik Sydney, Australia
2:15 - 2:30	Hijama applications in Dermatology	Dr. Fahad Al Mutawa Kuwait Univ.,Kuwait
2:30 - 2:45	It is possible to remove heavy metals from the body by Wet Cupping therapy (Al-Hijamah)	Prof. Senol Dane Turgut Ozal Univ, Turkey
2:45 - 3:00	Cupping therapy: Prophetic antidote through a physiological lens	Dr. Kaleem Rajput BCS, London, UK
3:00 - 3:15	The effect of adding hijama therapy to the current medical management of patients with auto immune thyroid disease	*Dr. Amal Obeid KAU, Jeddah, KSA
3:15 - 3:30	Heavy metals analysis of cupped blood versus venous blood in fibromyalgia and migraine	Dr. Kaleem Rajput BCS, London, UK
3:30 - 4: 00	**Prayer and Coffee Break**	
Session 5	**Science & Honey in Applied Medicine (Parallel Session)** **Hall A**	

Session 1 **Research in Hematology/Oncology** **Main Auditorium**

Chairpersons: **Prof. Abdulmoen Agha & Dr. Abdullah Ba Othman**

TIME	Lecture	Speakers
9:00 - 9:40	**Plenary Lecture II:** Pomegranate in cancer prevention	Prof. Hasan Mukhtar Wisconsin Univ., USA
9:40 - 10:00	Natural products can improve the quality of life in Pediatric Hematology/Oncology patients	*Prof. Soad Al Jaouni KAU, KSA
10:00 - 10:30	Natural versus Synthetic Anticoagulants and Aniplatelets in Thromboembolic disorders	*Prof. Shaker Mousa Albany Univ., USA
10:30 - 10:45	**Coffee Break**	

Session 2 **Prophetic Medicine and Science**

Prof. Suzan AttarChairpersons: **Prof. Emad Koshak &**

TIME	Lecture	Speakers
10:45 – 11:00	Role of ginger as pharmaceutical	*Prof. Magda Hagras Suez Canal Univ., Cairo, Egypt
11:00 - 11:15	ET-Tibbun-Nebevi and evidence based medicine	Prof. Ibrahim Haznedaroglu Hacettepe Univ. Ankara, Turkey
11:15 - 11: 30	Influence of Bee Venom on Rheumatoid Arthritis Patients	Prof. Ahmed Hegazi (NRC), Egypt
11:30 - 11:45	RDBPCT for Black Seed Supplementation in Asthma: Methodology Development	*Dr. Abdulrahaman Koshak UCL Schl. of Phar. Univ. of London, UK
11:45 - 11:55	*Nigella sativa* improves quality of life in Kostman's Syndrome: Case report	*Dr. Taher Halawa KAU, KSA

Session 3 **Research on *Nigella sativa* and Hematology**

Chairpersons: **Prof. Abdulkareem Almomen, Dr. Salwa Hindawi & Dr. Galila Zaher**

11:55 - 12:10	Thymoquinone-loaded nanostructured lipid carriers: Preparation, gastroprotection, in vitro toxicity, and pharmacokinetic properties after extravascular administration	Dr. Siddig Abdelwahab Taibah Univ., KSA
12:10 - 12:25	Effectiveness of *Nigella sativa* (Black Seeds/Black Cumin) and honey in the management of chronic immune thrombocytopenia patients; preliminary report	*Dr. Ahmad Tarawah Maternity & Children Hospital, King Abdullah Med. City, KSA
12:25 - 12:40	Apoptotic effects of thymoquinone in HTLV-1 positive and negative malignant T-cells	*Prof. Steve Harakeh King Fahd Medical Research Center (KFMRC), KAU, Jeddah, KSA
12:40 – 1:00	Unusual course of Acute lymphoblastic leukemia	*Dr. Majdi Anwar/Dr. Abear Hussein, KAUH, KSA
01:00-2:00	**Prayer and lunch Break**	
Session 4	**Research on Honey, Costus and Science**	
Chairpersons:	**Prof. Ghazi Damanhouri & Prof. Saad Al Muhayawi**	
TIME	**Lecture**	**Speakers**
2:00 - 2:30	Is honey an anti diabetic agent?	*Dr. Hassan Chamsi Pasha KFAFH, Jeddah, KSA
2:30 - 2:45	Anticancer, anti-inflammatory, antioxidant and anti-Angiogenic activities of diosgenin isolated from *Costus speciosus* (Koen.) Sm.	*Prof. Samy Salem Jouf Univ., KSA
2:45 - 3:00	A Pilot study evaluating the therapeutic efficacy, tolerability and safety of Lyophilized extract of costus specious in acute pharyngitis and acute tonsillitis	*Dr.Talal Alkatib KAU, KSA
3:00 - 3:15	Anti-bacterial effect of Indian costus and sea-qust and their water extracts on some pathogenic bacteria of human respiratory	*Dr. Manal Al-Kattan KAU, KSA

3:15 - 3:30	Is bee venom having antibacterial activity?	Dr. Samira Shawky NRC, Egypt

Session 1	**Science & Nigella Sativa Research**	**Main Auditorium**
Chairpersons:	**Prof. Mahmoud Shaheen & Prof. Siraj Wali**	
TIME	**Lecture**	**Speakers**
9:00 - 9:30	**Plenary Lecture III:** Nanoencapsulation of Prophetic products to enhance their efficacy	Prof. Hasan Mukhtar Wisconsin Univ., USA
9:30 - 9:45	Mechanism of Action of *Nigella sativa* on Human Colon Cancer Cells: the Suppression of AP-1 and NF-ϰB Transcription Factors and the Induction of Cytoprotective Genes	Dr. Ayman Elkady KAU, KSA
9:45 - 10:10	Nigella Sativa Extract Chemoprevention in Oral Cancer: in vivo Study	Prof. Safia Al-Attas KAU, KSA
10:10 - 10:30	Thymoquinone a potential therapy for cerebral oxidative stress	Prof. Bassem Y. Sheikh Taibah Univ., KSA
10:30 - 10: 45	**Coffee Break**	
Session 2	**Prophetic Medicine and Science**	
Chairpersons:	**Dr. Abduallah A. Al-Moslih & Prof. Yaser Jamal**	

TIME	**Lecture**	**Speakers**
10:45 – 11:00	Emerging medicinal food for the future	*Dr. Hassan Chamsi Pasha KFAFH,Jeddah, KSA
11:00 - 11:15	Antimicrobial Effect of Different Types of Honey on *Staphylococcus aureus* and *Pseudomonas aeruginosa*	*Dr. Saad Almasaudi KFMRC, KAU, KSA
11:15 - 11:30	Novel treatment of localized plaque psoriasis by some bee products	Prof. Ahmed Hegazi (NRC), Egypt
11:30 - 11:45	Benefits of correct circumcision	*Prof. Yasir Jamal KAU, Jeddah, KSA
Session 3	**Science and Antimicrobial Effect**	
Chairpersons:	**Prof. Tarek Madani & Prof. Amir Saeed**	
TIME	**Lecture**	**Speakers**
11:45 - 12: 00	Antibacterial effect of *nigella sativa* seed extracts as a natural Drug	Dr. Eman Halawani Taif Univ., KSA
12:00 - 12:15	Susceptibility of imipenem-resistant Pseudomonas aeruginosa to flavonoid glycosides of date palm (*Phoenix dactylifera* L.) tamar growing in Al Madinah, Saudi Arabia	*Prof. Samy Salem Jouf Univ., KSA
12:15 - 12:35	**Closing remarks and Award distribution** **Main Auditorium**	**Prof. Abdullah Kaki**
01:15-2:00	**Prayer and lunch Break**	

Session 4 **Prophetic Medicine and Science (Parallel Session)**
Hall A

Chairpersons: **Prof. Sabah Meshrif, Dr. Bassim Al Beirouti & Prof. Sanaa Khalifa**

TIME	Lecture	Speakers
9:30 - 9:45	Islamic prospective of current and future utilization of stem cell transplantation	*Dr. Bassim Al Beirouti, KAU, KSA
9:45 - 10:00	Pumpkin: the tree of life	*Dr. Abdul Jawad El Sawi KAU, KSA
10:00 - 10:15	Control of water pollution	*Dr. Huda Fatani MOH,Jeddah, KSA

Session 5 **Science & Honey in Applied Medicine (Parallel Session)**
Hall A

Chairpersons: **Prof. Jaoudah Al-Maghrabi & Prof. Fatin Al Sayes**

TIME	Lecture	Speakers
2:00 - 2:15	Honey and Cancer: Reciprocal Relationship-The Laboratory Evidence	Prof. Nor Hayati Othman Universiti Sains, Malaysia
2:15 - 2:30	Honey as an immune enhancer (Evaluation of the effect of honey on immune status in mice bearing Ehrlich carcinoma)	Prof. Ahmed Hegazi National Research Centre (NRC), Egypt
2:30 - 2:45	Antioxidant, Anti-inflammatory, and Antiulcer Potential of Manuka Honey against Gastric Ulcer in Rats	*Prof. Steve Harakeh King Fahd Medical Research Center (KFMRC), KAU, KSA
2:45 - 3:00	Biological activities of pure honey on wound healing mechanism	Prof. Ferhat Ozturk Canik Basari Univ.,Turkey
3:00 - 3:15	Can Musk alleviate Alzheimer-like effects induced by *chronic unpredictable mild stress* on mice hippocampus? Behavioral, biochemical and histopathological studies	*Prof. Soad Shaker KAU, Jeddah, KSA

3:15 - 3:30	Metabolic analysis of various dates: Nutritional value	*Prof. Samy Salem Jouf Univ.,, KSA
3:30 - 4: 00	**Prayer and Coffee Break**	

Session 6 **Science, Genetics & Medical Ethics** **(Parallel Session)**
Hall B

Chairpersons: **Prof. Nabih Baeshen, Dr. Bassim Al Beirouti & Dr. Maha Alawi**

TIME	Lecture	Speakers
2:00 - 2:15	Type 2 Diabetes - A traditional approach from Prophetic medicine for a modern epidemic	Dr. Sirfraz A. Nazir BCS, London , UK
2:15 - 2:30	Treatment of Hepatitis "C" with *Nigella Sativa*	*Dr. Osama El Fayoumi SGH, KSA
2:30 -2:45	Surrogate motherhood and genetic transmission	Prof. Ayse Avsar Ildirim Beyazit Univ. Turkey
2:45 - 3:00	Rethinking medical ethics in terms of Prophetic medicine (Al-TIB-Al-Nabawi)	Prof. Ilhan Yildiz Karatekin Univ.Ankara, Turkey

Session 7 **Prophetic Medicine Research** **(Parallel Session)**
Hall B

Chairpersons: **Prof. Bassim Y. Sheikh & Dr. Jameel Bashawry**

TIME	Lecture	Speakers
3:00 - 3:15	Phytochemical analysis and evaluation of in-vitro antioxidant activity of olive leaves extract	Dr. Daleya Bardi Taibah Univ., KSA
3:15 - 3:30	Cardiac protective effect of olive oil against ischemia induced cardiac arrhythmias in isolated diabetic rat hearts	Dr. Ishfaq A. Bukhari Taibah University, KSA
3:30 - 3:45	Safety of ziziphus lotis extract as hair and body wash: (Animal Study)	Dr. Solaiman Ali Hassan Taibah Univ., KSA

POSTER SESSION DAY 1, 2 and 3 April 5 - 7, 2016

Time for Poster presentation: (Please stand near your poster)

Tuesday 12:30 - 1:00	**Poster numbers**	**(25 - 29)**
Wednesday 12:30 - 1:30	**Poster numbers**	**(01 - 24)**

Prayer and Coffee Break	
Session 5 A **Prophetic Medicine and Science (Parallel Session)** **Hall**	
Chairpersons: **Prof. Saleh Abdel-Moneim, Prof. Maimona Moshtaq & Dr. Jamil Mughales**	
Lecture	**Speakers**
Evaluation of antibacterial activity of some Egyptian and Saudi honey	Dr. Ehab Fouad NRC, Egypt
Antiparasitic effect of Egyptian propolis on Toxocara vitulorum adult worms	Dr. Soad E. Hassan NRC, Egypt
Multiple sclerosis patients treated with Apitherapy: Immunological pattern	Prof. Ahmed Hegazi NRC, Egypt
ENT-Related Islamic Instructions	Dr. Hesham Elmashad MOH, Makkah, KSA
From nutraceutical to pharmaceuticals	Dr. Mohamed Farag Riyadh, KSA

Investigation of the effect of thymoquinone (TQ) alone or in combination with cisplatin on cell growth, cell cycle progression and apoptosis of human oral epithelial squamous cell carcinoma cells in vitro	Prof. Abdulwahab Noorwali KAU, KSA
Prayer and coffee Break	

Session 6 **Prophetic Medicine and Science (Parallel Session)**

Hall B

Chairpersons: **Prof. Tarek Jamal, Prof. Asmaa Al Dabagh & Prof. Seham Abdulhadi**

TIME	**Lecture**	**Speakers**
2:00 - 2:15	Pharmacodynamic effects of bee venom against solid tumors	Dr. Maha Ali Mohammad Cairo, Egypt
2:15 – 2: 30	Potential antibacterial role of *Terfezia claveryi* extract against immuno-inflammatory disorders and oxidative damage in the rat cornea	*Prof. Amna Saddique KAU, KSA
2: 30 –2:45	Anti-Proliferative effect and phytochemical analysis of cymbopogon citratus extract	Dr. Mohammed Halabi Taibah Univ., KSA
2:45 - 3:00	Effectiveness of Sidr honey on the prevention of ethanol-induced gatroulcerogenesis: role of antioxidant and antipoptotic mechanism	Dr. Manal Taha Taibah Univ., KSA

Session 7 **Nutrition and Science**

Hall B

Chairpersons: **Prof. Steve Harakeh, Prof. Hanaa Jamjoom & Dr. Rajaa Al Raddadi**

Biomedical Effects of Grape Products	*Dr. Jamilah Hashemi KAU, KSA
Honey Facts & Nutrition	Dr. Samira Shawky NRC, Egypt
Biomedical effect of barley-A Review	*Dr. Jamilah Hashemi KAU, KSA

10:15 - 10:30	Ethics in Prophetic Medicine	Dr. Mohammad Ali Albar IMC, Jeddah, KSA
10:30 - 10:45	**Coffee Break**	
Session 5 research	**Science & natural products** **Hall A**	
Chairpersons:	**Prof. Abdulwahab Noorwali & Prof. Mohammad Al Qahtani**	
10:45 - 11:15	Antioxidant and tissue-protective studies on Ajwa extract: Dates from Al Madinah A-Monwarah, Saudi Arabia	Dr. Omer A. Hamdi Alneelain Univ., Khartoum, Sudan
11:15 - 11:35	Benefits of *Nigella sativa* in Oncology	Prof. Ehab Elnakoury SGH, Jeddah, KSA
11:35 - 11:55	The antimicrobial effects of Miswak (chewing stick) on oral health	Dr. Meshari Al Otaibi SFHC, Makkah, KSA
11:55 - 12:10	The efficacy of Talbina	Prof. Ihab Mahmoud SGH, Jeddah, KSA
12:15 - 12:35	**Closing remarks and Award distribution**	**Main Auditorium**
1:00 - 2:00	**Prayer & Lunch Break**	

(YAJ) - * Members of Yousef Abdul Latif Jameel Scientific Chair of Prophetic Medicine Applications, Faculty of Medicine, King Abdulaziz University
(KAU) Jeddah Kingdom of Saudi Kingdom of Saudi Arabia (KSA)

- Al-Moalim MA Bin Ladin Chair of Scientific Miracles of Prophetic Medicine, Faculty of Medicine, Taibah University, Al Madina Al-Nabawiah, Saudi Arabia

(NCR) - National Research Center, Dokki, Giza, Egypt

(BCS) - British Cupping Society London, UK

(KFAFH) - King Fahd Armed Forces Hospital, Jeddah, KSA

(KSU) - King Saud University, Riyadh, KSA

(SGH) - Saudi German Hospital, Jeddah/Madinah, KSA

(SFHC) - **Security Forces Health Center Makkah, Saudi Arabia**

(MOH) - **Ministry of Health**

(CEGMR) - **Center of Excellence in Genomic Medicine Research**

(IMC) - **International Medical Center**

Session 6 Public and Media Forum in Arabic

Main Auditorium

Modulators: **Prof. Hassan Abduljabbar, Mr. Mustafa Sabri & Dr. Hassan Chamsi Pasha**

2:00 - 2:15	Medicine for the Globe	*Prof. Mohamad Qari KAU, Jeddah, KSA
2:15 - 2:30	Cancer prevention	*Prof.Shaker Mousa Albany Univ., USA
2: 30 - 2:45	Bee products in applied medicine	Prof. Ahmed Hegazi (NRC), Egypt
2:45 - 3:00	Hijama a revealed secret	*Prof. Abdullah Kaki KAU, Jeddah, KSA
3:00- 3:15	The one third role	*Prof. Abdulkareem Almomen, KSU, Riyadh, KSA
3:15 - 3:30	Dates in Medical Research	*Prof. Soad Al Jaouni KAU, Jeddah, KSA
3:30 - 3:45	Quality control in Prophetic Medicine	*Dr. Bassim Al Beirouti KAU,Jeddah, KSA
